PROFESSIONAL PROFILE

I graduated from Marmara University's Faculty of Law with an average of 81/100. At Öztunç & Yılmaz Law Firm, I gained practical experience in drafting pleadings, tracking litigation and enforcement files, and researching legislation and case law. With experience translating legal research into written work tailored to case requirements and handling both courthouse procedures and office work, I aim to contribute thorough research and organised case follow-up to my next team.

Mandatory legal traineeship completed: 9 October 2026. Lawyer licensing is in progress.
